

LEAN IN LOS ANGELES

LEAN IN +

At Lean In Los Angeles, our mission is to empower women to achieve their highest ambitions. We run programs that counter gender stereotypes and advance opportunities for all women. But we don't do it alone. We seek partners who share our values and support our mission to give women the support, tools and access they need to thrive.

ONE DAY CONFERENCE

Our conference focuses on goal setting, making meaningful connections and effectively assessing and activating your network. Attendees will come out with a clear plan of action for their goals and confidence to achieve them. We'll take attendees through a design thinking workshop where we prototype and iterate on their plan of action. We will also set up follow up sessions to ensure accountability.
